Denpasar, May 21-22, 2018

INTRODUCTION

The main objective of conference is to offer a platform for Researchers, Teachers, Students as well as Industrial Professionals from all over the world to present their research findings, view creative and innovative ideas. The conference provides an opportunity to all the avid delegates to exchange their ideas, applications and experiences in the different field of Science, Social Science and Management. The conference will also provide a platform for sharing of ideas and may open up possibilities of collaborative interdisciplinary research. These would provide a chance to have a fruitful interaction to establish a coherent research relation and find global partners for a beneficial collaboration.

Owing to the profound global applications in understanding life and eliminating misconceptions, the influx of knowledge needs categorization. When combined with humanities a higher level of knowledge is attained where the aspect of humanity is not withered away in the unidirectional enthusiasm.

ABOUT CONFERENCE

The two days conference is based on Science, Social Sciences, Humanities and Management. All of these also share the common goals for the betterment of mankind. Therefore, it becomes important to be updated time to time with innovations and trends of research in these areas. The International Conference will fulfill the knowledge gap generated between the students, teachers and scientists working in these areas. The Conference will bring together academicians, Industrialist, teachers/students and Scientist from all over the world.

We hope that you will seize this golden opportunity to join this academic congregation to exchange and explore the new and emerging trends in these areas.

OBJECTIVES OF THE CONFERENCE

- Global education congression where Research Scholars from different region can communicate with each other through a common platform.
